**T** **O LANDSCAPE GARDENERS AND ARCHITECTS.**  
**OFFICE METAIRIE CEMETERY ASSOCIATION,** }  
 New Orleans, Dec. 10, 1872. }  
 The Metairie Cemetery Association invite plans and specifications for laying out their grounds in proper lots and squares, and for inclosing and ornamenting the same; and in order to induce the most experienced and skillful Landscape Gardeners and Architects in this, and in other cities and States, to present plans, specifications and drawings, they offer the following premiums for the best plans presented:  
 For the plan which may be adopted, \$1000.  
 For the second best plan, \$500.  
 For the third best plan, \$300.  
 The Board of Directors wish to leave the matter of form and size, as well as the distribution of the lots and squares and the style of the inclosure, entirely to the taste of each party competing for the premiums offered; yet they desire to have as large a share of carriage ways and foot-paths as can be consistently obtained in the area of the land, in order to render all parts of the cemetery conveniently accessible.  
 The plans, drawings and specifications will be opened on **MONDAY**, the 17th day of February next, (1873.) when the awards will be made. The accepted plans shall be the property of the association, and all others will be returned to their authors, upon application at the office of the association. The Board reserves to themselves the right to reject all plans. A lithograph, exhibiting the area of the ground, its elevations, depressions, etc., may be obtained upon application at the office of the company, or will be promptly forwarded by mail to parties applying for the same, who will address the President of the Board.
